

# High Quality Medical Supplies You Can Trust

***Expand the portfolio and profitability of your  
DME, HME or medical distribution business!***

We are **YOU** - Let Us Help!

This product completely changed our DME business in South Georgia; it will do the same for yours!

## **We Understand Your Challenges!**

Rain8 is aware of the challenges faced by DMEs.

Steadily rising costs and plummeting reimbursements are squeezing the profits of DMEs.

We are aware of so-called "value" products with promises to increase your initial profits.

But we know that poor products lead to poor compliance, frustrated customers and lost follow-on refill sales.

## **We aim to solve this problem!**

"I have tried everything the leading brands have to offer and the Rain8 YF-01 mask is the best I've used. In two words,

**It's PHENOMENAL!"**

87 year-old male CPAP user for 10 years.

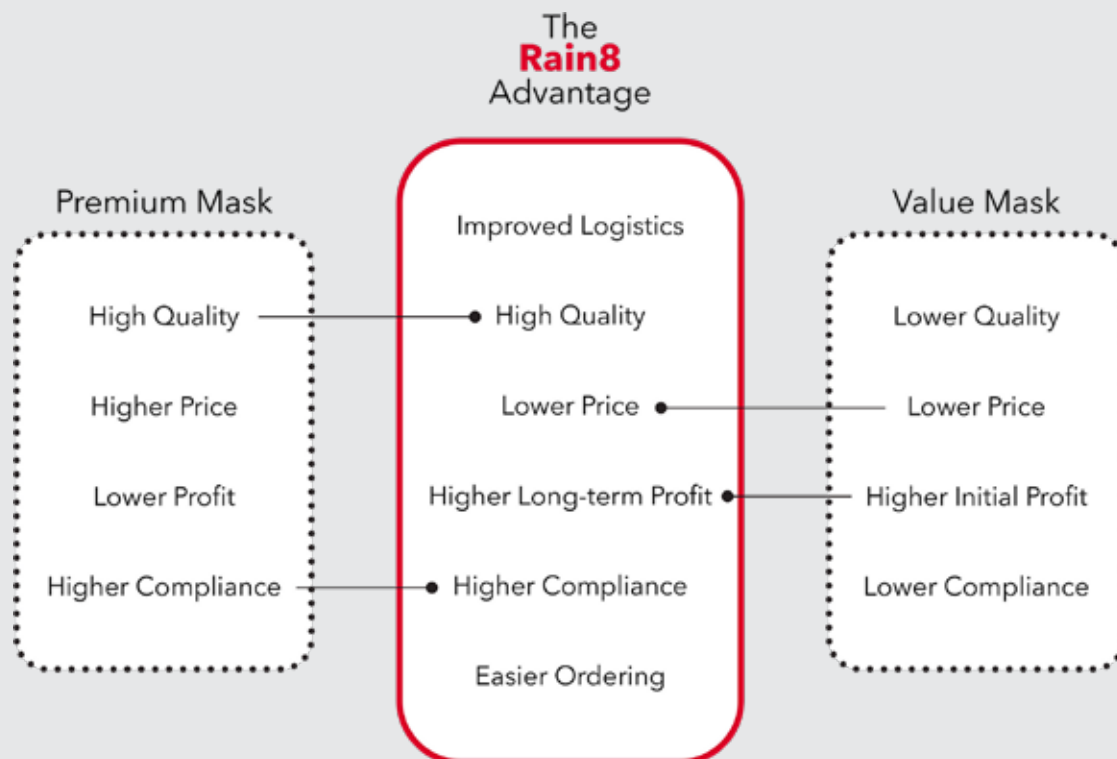

Rain8 works with the largest, most sophisticated global producers of FDA-approved, HCPCS-coded, PDAC-listed and retail consumables in the world.

# Your Benefits

We bring **directly to you** the best-in-category design and quality at best-value-available wholesale prices!

Rain8 delivers products with unmatched quality and  
**UNMATCHED PROFITABILITY**  
for your DME, HME or Healthcare-related business.

**Rain8 knows DME because we are DME!**

*Sometimes when you want something done right,  
you must do it yourself.*

If you're like us, you too need to increase your profit margins for many reasons, to name a few:

- Rising costs associated with automating processes for setups, resupply, and compliance.
- Decreasing insurance reimbursements with increasing authorization and documentation requirements.

*There's no better way to immediately and sustainably  
increase your margins than with your cost of goods.*

We made that our mission. What started out as a strategy to help our local DME business turned into an opportunity to help the DME industry and their patients globally.

# The First DME-Based CPAP Supplier

## Why?

The razor and blades model that is CPAP and resupply creates a great opportunity with volume to make a big impact with our savings. ROI on device setups due to insurance rentals takes months with **premium** products, while so-called **value** products created more issues than the savings were worth with mask swaps, ineffective therapy, skin irritation, and more.

## How Did We Do It?

We created a premium quality CPAP offer priced as a value mask. There have always been 2 categories of interfaces, **premium** and **value**, Rain8 has created a third category that checks all boxes.

## Packaging

We offer 90 day bundle packs that include 90 days supply of masks, head gear, and cushions all in one package. We also offer single mask kits and single cushion packs if you prefer and to help you balance your inventory.

## Do They Work?

Yes, they were tested against the leading brands for over 6 months. Males and females, young and old, high and low pressures. The results are remarkable. (Ask your Sales rep for details.)

## How to Order

Please visit our website <https://www.raineightsourcing.com/> and use the MEMBER LOGIN/SIGN UP link to become a member. You can order online or through your sales rep, whichever you prefer. After becoming a member all pricing and product offerings are available. If you have any questions or concerns, please contact your sales rep.
